

WHY USE ALERT

In the last few years, more and more people are being harassed on the streets and in public. Most of the time these harassments are never reported. With ALERT you can easily and quickly notify friends when in distress and report the harassment immediately to Meldet.org .

MELDET.ORG

Meldet.org is a Gent-based organization fighting harassment. They want to uncover the extent of the problem. Their goal is to give a voice to everyone who has ever been harassed. To stop the silence.

! ALERT

Feel safe before, during
and after an event!

ALERT gives you the opportunity to
alert your friends when you are in
distress.

SIMPLE FEATURES

built to make a safer environment
for everyone when going out

Create an event for a party, diner, coffee date, ... Invite your friends to the event, so everyone gets involved!

If you felt unsafe or you were harassed, you can report it to Meldet.org .

While an event is active, you and your friends will get a 'Take Care'-view. This allows you to see everyone's realtime location, so you can immediately help a friend in distress!
